PROFESSIONAL PROFILE

Web developer with a focus on the creative side and the use of digital tools. I come from a background centered on idea development, design, and innovative thinking, which allows me to bring unique perspectives to digital projects.

TECHNICAL SKILLS

HTML | CSS | Figma | Adobe Illustrator | Canva | Affinity | Java | JavaScript | Python | Jira | AI Tools | SCRUM

SOFT SKILLS

Problem Solving | Strategic Thinking | Empathy | Creativity & Innovation | Project Management | Teamwork

ACADEMIC PROJECTS

Full Stack | Hackathon (September 2026)

- Developed, as part of a team, a phone book application in Java with CRUD functionality (add, search, edit, and delete contacts).
- Implemented an interactive console menu using control structures, methods, and collection handling.
- Collaborated in a hackathon environment, participating in task organization and project development.

Full Stack | Hackathon (August 2026)

- Designed the wireframe for an interactive landing page using Figma.
- Developed the navigation bar and hero section using HTML and CSS.
- Designed the visual identity for a sports store.

WORK EXPERIENCE

Full Stack | Zona Huella (July 2026 – Present)

- Worked collaboratively using the Jira platform.
- Designed the wireframe for an e-commerce website.
- Developed the visual identity and style guide using Figma.

Founder | Talay México (March 2024 – Present)

- Led a team of 11 people to organize events and activities that encouraged community interaction.
- Developed visual content for social media, adapting designs to different formats and audiences using Adobe Illustrator and Affinity.
- Edited informational copy to keep social media channels active.

Manager B2B Content | AIESEC (July 2025 – December 2025)

- Created digital content in Canva aimed at strengthening business partnerships.
- Participated in the development of informational texts, short articles, and supporting materials for outreach campaigns.
